CHARLES E. HAMILTON

"Hid away in the mind of every one
Far from the surface in a deep dungeon,
Yet a dungeon more beautiful than palace hall,
Because to him "it" is much more precious than all
The treasures that the earth can give,
Sometimes all through life he may live
And never know what his great treasure is,
But still in a measure this treasure of his
Is revealed to him in an unnoticed way
To help him bear a hard and perilous day."
Nay, by death or any other way
Can be taken his treasury,
To him by God this treasure was given,
Not to be returned even in heaven."

—*Charles E. Hamilton.*

"None knew him but to love him,
None named him but to praise."

The Old and the New

On the evening of April 18, Highland Park and the surrounding communities were saddened by the loss by fire of the grade building, the building in which high school was first held.

It was built in 1887 at the time Highland Park was plotted. Major J. K. Hudson, then owner and editor of the Topeka Daily Capital, plotted Highland Park. Believing Highland Park was going to "boom" he bought four farms and laid them out into lots.

The school building up to this time was the little stone building across the street from the present site. Mr. Hudson, anxious to have a new building on the best location possible, traded the lot on which the new building was erected for the property across the street, thereby getting the old stone school building which he sold to Mr. Lusco.

A six-room building was erected, two of which supplied the needs of the school. However, it was used as a community center. Church, Sunday School, sociables, debates, and lyceums all were held in this building. It was not equipped with modern conveniences as our high school building now is. It was lighted with coal oil lamps and heated by stoves. Water was supplied by a well which was dug by Richard and Oliver Selover, early settlers of Highland Park. The water was drawn out of this well by a rope and two buckets, to supply the two rooms.

The members of the first Board for this new school were: J. K. Hudson, W. S. Curry, and George E. Flanders.

The patrons desired to have their school grounds more attractive, so from time to time they had tree plantings, but the romping children trampled them out. Major Hudson received severe criticism for being influential in building such a large school. He was a man of vision and ahead of his time.

In 1911 a two year course of high school work was added. In 1916 we had outgrown this building, and the high school was moved into the new building and by 1925 the assembly room, in which every class up to this time had graduated, was divided into class rooms, making it necessary to erect an auditorium.

The work on the new auditorium began in the fall of 1925. It was progressing nicely and we hoped to move into it by Christmas, but a strong wind blew half of it down while in construction which delayed the completion of the building, so we could not use it until the first of February, 1926.

The Student Senate

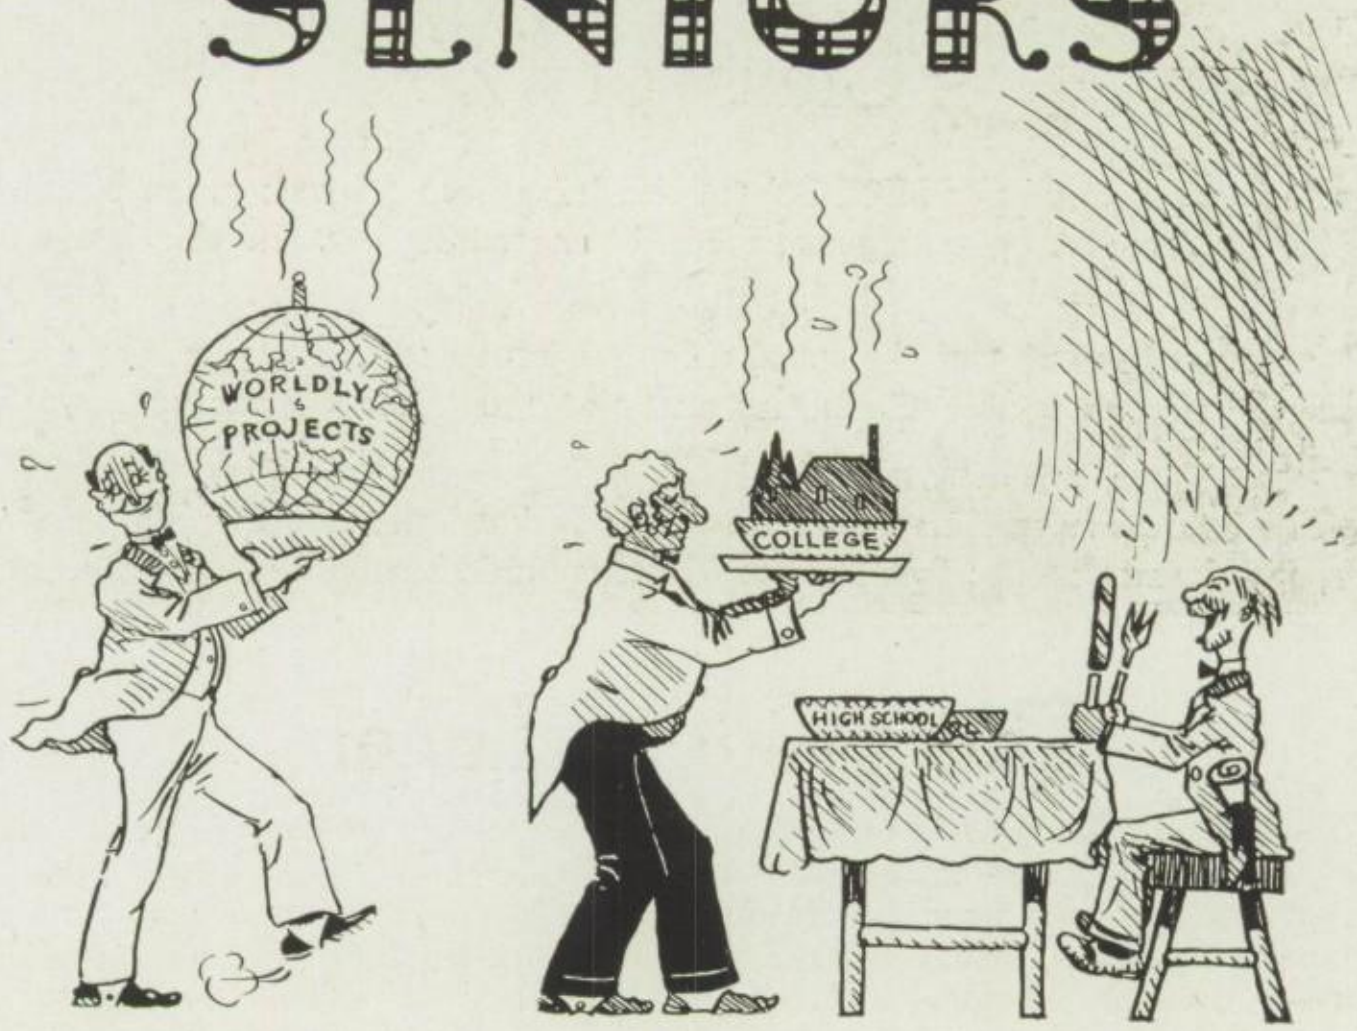
The Student Senate is a revised organization of the Student Council. It is made up of the presidents of each class and three girls, two chosen from the Senior class and one from the Junior class. At the first opportune time the members organized into a Senate body and elected Sam Elder as president, Nadine Jones as secretary, and Miss Shields and Mr. Mosser as faculty advisors. All the members have at different times served on special committees.

The work of the Senate has been strenuous and successful on the whole, dealing with problems and projects of the school. It sponsored the advertising of the home football and basket ball games the Football Banquet; the advertising of the Dramatic Club, the Glee Club and Community programs; and the all-school picnic given the last week of school.

The members are:

Nadine Jones
Juanita McKelvey
Helen Krusor
Sam Elder
Daryl Johnson
Karl Root
Ray Skidmore

SENIORS



NEXT COURSE!

Class of '26

The four acts of our High School life have been played; green Freshmen, foolish Sophomores, grinding Juniors and honored Seniors, and this year we bid farewell to old H. P.

Our class has enjoyed the social side of school life. This year, we had one exceptionally enjoyable Christmas party at the home of our sponsor, Miss Shields.

The Seniors have six representatives in basket ball; five in girls' glee club, seven in dramatic club; four in baseball, three members in senate, and eight letter men in football.

The Senior play, *"The Romantic Age,"* was staged May 21. Helen Krusor and Sam Elder had very responsible parts.

MOTTO—*"The elevator to success is not running; take the stairs."*

At last we have reached the enviable "heights" of the grind. We are living true to the ideal. Some of our number have been getting required and irregular subjects out of the way. Our hope is to use our Senior year for elective subjects, as far as is possible.

The Junior-Senior banquet was from our point of view, the best ever staged by a Highland Park Junior Class.

Miss Griest, our class advisor, gave us a most enjoyable Christmas party at her home.

Our class has been represented in school activities as follows: Boys' Glee Club, six; Girls' Glee Club, seven; Dramatic Club, two; Accompanist for glee club and orchestra; Boys' Basket Ball, four; Girls' Basket Ball, two; Football, three, of whom two received letter; baseball, four; golf, one; and Booster Club, eleven, of whom one was president and another treasurer.

We entered H. P. H. S. in the fall of 1924. Even in our first stages of High School greenness, we showed sign of budding intelligence.

As Sophomores we verified all Freshmen indications of superiority. We took first rank in the Terman Intelligence Tests.

"Sans Mens in Sans Corpore" is our ideal so we gave some attention to athletics. Matthew Everest and Robert Myers were our football representatives. Emma Eberhart, Martha Mills, Lenora Thomas and Louise Thompson ably upheld our colors in Girls Basket Ball, while Garfield Richard played on the Boy's Squad.

Emma Eberhart, Margaret Euwer, Jessie Hassebrook, Martha Mills and Irene Roller were members of the Girls' Glee Club. Robert Myers, Rudolph Ketcherside and Karl Root were members of the Boys' Glee Club. Garfield Richard brought honor to the class in winning the County Spelling Contest.

Our social activities, beyond general school organizations, have been few. The main even being a weinie roast. We all had a splendid time.

Miss Van Ness, our class sponsor, has added much to the general class spirit.

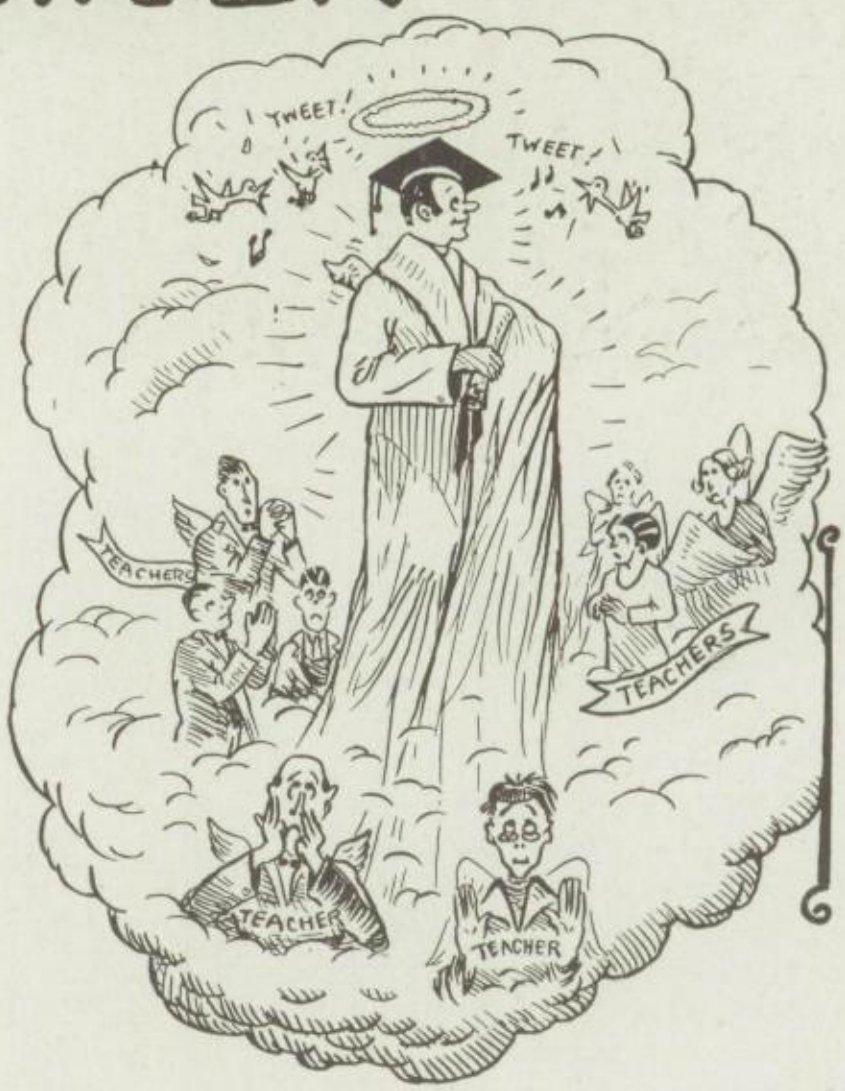
FRESHMEN



Freshmen Class of '29

MOTTO—*"Modesty in thoughts, words and actions."*
MASCOT—*Bull Pup.* CLASS FLOWER—*Violet.*

Yes, we're Freshies! We number forty-seven. Twenty-nine boys and eighteen girls. Our colors are purple and white.

The class officers are: Ray Skidmore, president; Marvin Nye, vice president, and May Oliver, secretary and treasurer; Miss McClure, sponsor.

A majority of Freshmen are "pioneer settlers," having been in the Highland Park School since the primary grades. The majority of our members have come from territory surrounding Highland Park.

Deeds, not mere words reveal our sincere efforts to assume our share of the responsibility for larger and better high school. We ranked second in the Terman tests of general intelligence. We have two letter men in football, one member on the boys' basket ball team, and several members on th girls' basket ball team. In orchestra, there are two Freshies; in dramatic club, three members, and in girls' glee club there are six and a like number in boys' glee club. The greater number of Booster Club members are Freshies. The Highland Park Sewing Circle is a Freshman organization, and the majority of members are Freshman.

Junior High School

The Junior High School students have practically been initiated into the school because of their close contact with the full pledged high school people. They already think that they have worn off their greenness and intend to act quite sophisticated next fall. The class certainly is renowned for its pep and good students. They have tried to keep up with all the social activities of the high school and have practically succeeded. Miss Etta Abbott has very ably directed their work since Christmas. The Junior High School is looking forward to a real welcome in the High School next fall.

President Howard Peck, a little later than the appointed hour, took the oath of office as the president of the United States, said oath being administered by his father, John Peck, of Topeka, Kansas.

Congressman Henry Steinmeyer's debate on the rights of women was limited to two hours by the rules of the house. The opposite views were upheld by Miss Anna Aye, Democratic leader of Nebraska.

Floyd Oliver, Ambassador to England, has resigned his post because of insufficient income.

Harold Alexander, business expert, graduate of Strickler's Business College, will handle the business for the Republican party in the state.

Miss Margaret Nystrom, a friend of the late Governor Paulen, has been placed in charge of the Memorial Library in Topeka. She received training in the University of Illinois Library School.

Social and Personals

Mrs. Howard Skidmore entertained with a lovely midday luncheon in honor of the approaching marriage of Miss Nadine Jones. A unique gift of a basket full of bricks (foundation material for her new home) was presented to the bride-to-be. The guests were: Beula Robinson, Blanche Barbee, Freda England, and Mary Murrison.

The "Bachelor's Club" held their weekly meeting in the Kansas City Club. The business before the meeting was the election of new officers. Those elected were president, Hearst Dennis; vice-president, Harley Fix, and scretary-treasurer, Wilhelm Leupold. Provison for a heavy bond for the treasurer was made.

The monthly meeting of the Ladies' Aid Society met at the home of Mrs. Victor Knox. Miss Cleo Vanordstrand, Mrs. George Tillman, and Mrs. Lloyd Lee were guests of honor. The meeting was fully attended and gossip was enjoyed by all.

Clyde Eberhart, floorwalker of Pellitiers, has taken over the shoe business as a side line.

Misses Pearl Norris and Dorothy Anno have just returned from a tour to the orient.

Mr. and Mrs. Chester Hinchsliff entertained at their home on Chesapeake Blvd. for the surviving members of the Class of 1926 of Highland Park.

Willis Sims after repeated efforts has discovered a new chemical compound, which discovery will really benefit many learned chemists.

Miss Blanche Powell, instructor of the commercial department of Topeka High School, has recently resigned because of her health.

The Dramatic Club

The Dramatic Club, under the direction of Miss Etta L. Abbott, has accomplished some very excellent work. The school is fortunate to have Miss Abbott as a coach as she has specialized in all branches of Expression. She has shown great interest in the Dramatic work this year.

The Club has presented three one-act plays, "The Gift," "The Trysting Place," and "Love Among the Lions," at the Highland Park Auditorium. "The Gift" was later presented at the Central Park Christian Church and the Masonic Temple. "The Trysting Place" was presented at the Masonic Temple, and United Presbyterian Church and at Seaman. "Love Among the Lions" was given at the Masonic Temple.

Three more one-act plays were presented on April 9. The plays were "Thursday Evening," "The Long Box," and "The Robbery."

A Christmas play was given at the Highland Park Church under the instruction of Miss Lillian Kammeyer who left the school at the close of the first semester.

Society

Several outdoor parties were enjoyed by the various classes during the fall but the first event of importance was the annual football banquet held in the Highland Park Methodist Church. The Ladies Aid prepared the banquet which was served by the Domestic Science girls. An enjoyable program, under the leadership of Elroy Oberheim as toastmaster, was the feature of the evening. Short talks were given by Helen Krusor, Sam Elder, Mr. Warner, Mr. Buck, and Mr. Mosser.

The Christmas season was celebrated by all the classes in separate parties. The Juniors and Seniors were entertained by their sponsors, Miss Griest and Miss Shields. Both classes had Christmas exchanges as part of their entertainment. The Sophomores enjoyed a weenie roast at Lakewood Park. The Freshmen were entertained at th home of Hale Ritchie.

The Juniors and Seniors dedicated the new gymnasium with a party on February fifth. Everyone seemed to have a good time playing in games suitable to the housewarming. Refreshments were served at the close of the evening.

The outstanding event of the spring was the Junior and Senior reception given in the First Congregational Church, on April twenty-third. The decorations very prettily carried out a garden scene. The Domestic Science girls served a lovely five course dinner. A short program was given by the Junior class.

Domestic Science

The Domestic Science girls have celebrated the holidays of the year in many different ways—Christmas with a candy contest, Valentine's Day with a Valentine box, St. Patrick's Day with appropriate pastries, and Mother's Day with a tea for the girls' mothers.

The department has served lunch to the high school faculty and has proved their ability as cooks.

Everyone in school tries to make friends with the Home Economics girls.

Sewing Club

In as much as sewing is not taught in our High School, and a few Freshmen girls wished such instruction, a club was formed under the direction of Miss Cronemeyer, the D. S. teacher.

The club meets once a week in the Domestic Science room. The membership has increased until now there are Junior High and advanced classmen as well as Freshmen enrolled.

Our club officers are Sophia Shapiro, President; Esther Chubb, Secretary The finances are in the hands of a committee, Elizabeth Stinson, Jessie Hassebrook and Zuma Euwer.

Leonard Cloud	*Saxaphone*
Pauline Lair	*Pianist*
Uriah Warner	*Flute*

The Orchestra has played several numbers in Assembly for the students and faculty. They also gave several selections on the Miscellaneous Music Program at the Auditorium.

Girls Glee Club

The Girls' Glee Club has twenty members this year. Miss Elizabeth Van Ness is our director. Under her instruction we have been able to give several programs.

The Girls' Glee Club presented "A Mother Goose Arabasque" at the High School Auditrium. Our greatest work was accomplished in the Operetta *"Once in a Blue Moon."* A great deal of work was necessary in order to present this Operetta..

School Song

A jolly good bunch of students we, students we, students we,
A happier lot you'll never see, you'll never see, you'll never see.
We're ready to sing or work or play, work or play, work or play,
And stand for the right in every way, standing every day.
Oh, here we come to praise our dear high school,
Telling the world it helps us follow the golden rule.
We'll sing her praises ever from morn til dark.
Hail! Hail! Hail! Highland Park.

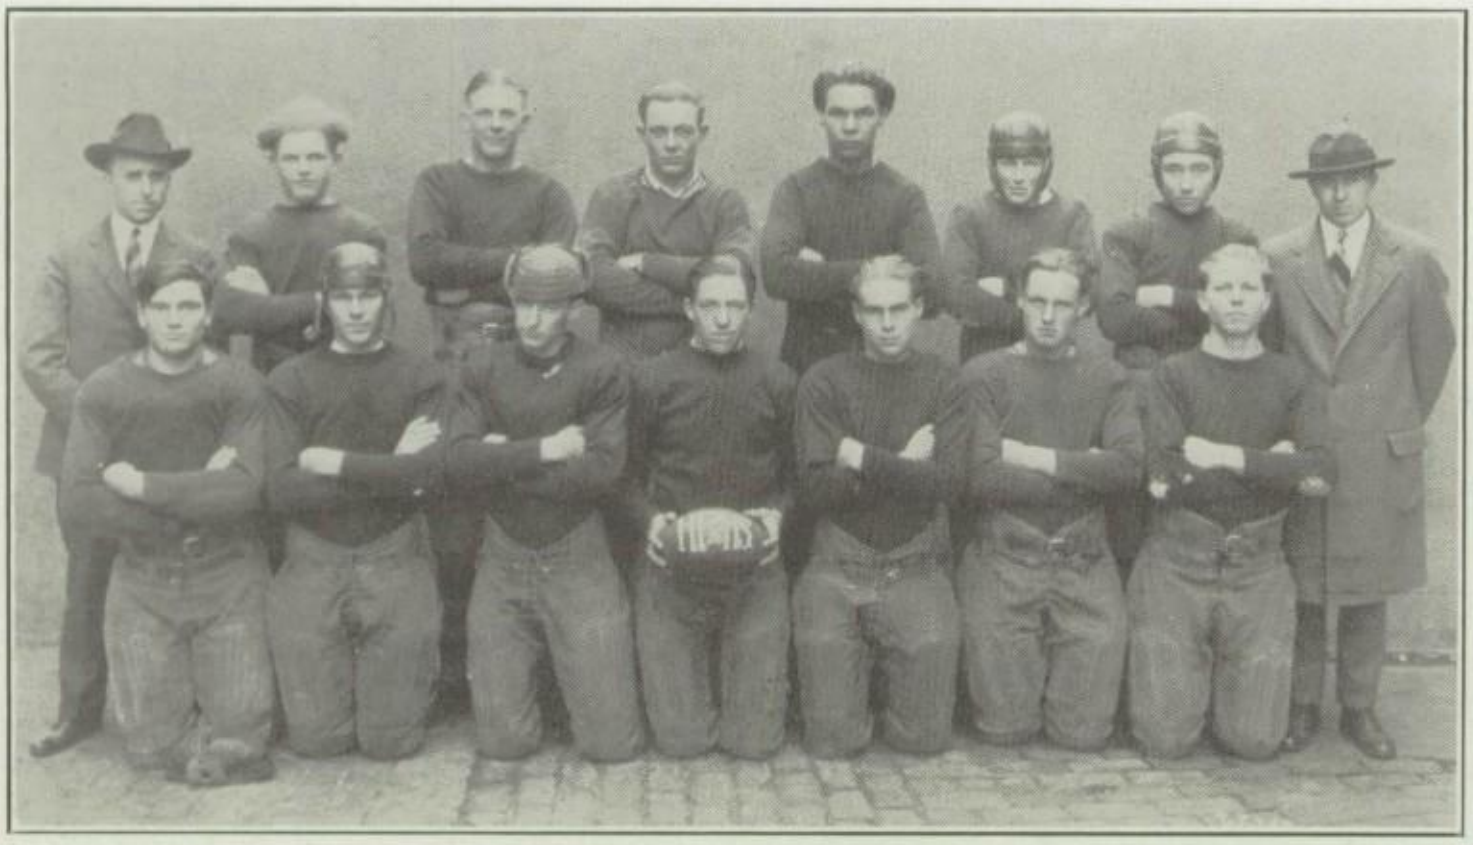
One two three four
Who are we for
Who do you suppose for
H--I-G-H-L-A-N-D
Highland Highland
Rah, Rah, Rah.

II

Rah, Rah for Highland Park,
Highland Park to win
Fight to the finish
Never give in, Rah, Rah, Rah
You do your best boys
We'll do the rest boys,
Fight on to Victory.

Booster Club

The Booster Club under the leadership of Miss McClure has lived up to its name this year and has supported the players in all the athletic contests with all their songs and yells. In the fall the girls sold candy at the games in order to increase the athletic fund. They entertained us in assembly one morning with an amateur minstrel show and afterward led in the new songs. On the whole the girls have done a great deal toward creating school spirit.



Football

The football team of '25, led by Captain Sam Elder, proved to be one of the best teams to represent Highland Park. With ten letter men back and some excellent new material, Coach Warner developed a team that ranked among the best in the county.

At the start of the season the team lost one practice game and its first two county league games. Continuous hard practice began to show results by this time and the first victory was taken from Berryton by a score of 12 to 0. At this time Berryton was being ranked as one of the strongest teams in the county and the victory gave our players confidence in themselves.

This victory was followed by victories over Oakland, Topeka Catholics, Topeka High 2nd, and Silver Lake. The one defeat of this part of the season was by Washburn High, winners of the county championship this year. The team finished third in the county with a percentage of 625.

Superintendent Mosser, with the help of Mr. Croft, did the coaching when Mr. Warner was away.

Boys' Basketball

The year of 1926 saw the beginning of a new sport at Highland Park. Early in December construction work on our new gym was started and the school began looking forward to playing basket ball. The season's practice was started on a rented court. Practice was held two evenings a week on this court and the squad made a start at the new game.

The first two county league games were played before the men were on our own court for practice. After the gym was finished and practice was held regularly the squad began to improve rapidly. With fifteen men out for the team, Coach Warner had several men to pick from for each position.

The season was not a victorious one since almost all the men were learning a new game, but, at the end the team was showing improved floor work and were beginning to locate the iron hoop, with which it is so hard for inexperienced men to connect.

With very few of the squad graduating this year, Highland Park can look forward to more successful years in the future. The team was led by Captain Don Campbell. Those who played in the Highland Park lineup in various games were: Campbell, Elder, Klesath, G. Moreland, H. Moreland, Oliver, E. Oberheim, G. Oberheim, Richard, Peck, Sims, R. Skidmore and Scott.

Girls' Basketball

The year of 1926 for the first time saw a girls' basket ball team at Highland Park. At the beginning of the season, the players were handicapped by the lack of a gymnasium in which to practice. The team did some practicing on a rented court until the High School gymnasium was opened and regular practice followed.

Although no games were won during the season, experience was gained which can be used next season.

The outlook for next year is more promising since this year's team will be back as a whole, and the new material which will enter school next fall.

The girls on the first team were: Captain Joy Reynolds, Mildred Roshon, Margerite Stapleton, Helen Cross, Emma Eberhart and Mae Oliver. Martha Mills, Esther Chubb, Jaunita McKelvey, Sophia Shapiro, Louise Thompson and Lenora Thomas were substitutes.

Baseball

The baseball team was not yet picked, when the annual went to press due to the fact that the early season games were postponed until a later date on account of the weather conditions.

The men who are on the squad this year are: Bessant, Campbell, Everest, Gillespie Fix, Jones, Mathers, Peck, Sims, R. Skidmore, H. Skidmore, Myers, Anno and Nye.

The battery for this season's games are: Willis Sims and Carl Jones, pitchers, and John Bessant, catcher. Harley Fix is the captain-elect for 1926.

LIFE **ACCIDENT** **HEALTH**

YOUNG MAN:

Old man, you look so cheery,
So happy and contented like,
When others are so weary,
Unhappy and demented like;
That I wish to know the reason.

OLD MAN:

Young man, when I was just a youth,
I had sense to prepare for age.
I was taught the profound truth,
That the wise man they call a sage,
Foresaw old age in season.

MISTAKEN IDENTITY

One fine April day a young third-grader saw a string of wild geese coming from the south over the school grounds and called the attention of his playmates to them. Just as the geese were passing above the grade-school building Mr. Croft looked out the window of his upstairs room. One of the youngsters pointed up in the air and yelled, "Lookit the gander with the big black ring on his neck."

Mr. Croft made him stay after school that evening and write "naughty-naughty" a hundred times.

A NEW RICHARD

It is said the study of Shakespeare has a subtle influence and far reaching effect on the mind.

This was noticed to be true when Miss McClure's Shakespeare class was studying the play where in Richard III forcefully exclaims, *"Ah, my kingdom for a horse."* Shortly after class that day Howard Skidmore was heard to exclaim, *"Ah, my kingdom for a camel."*

The Highland Park Schools are rapidly emerging from the old district school to a modern city school system. There are now over five hundred pupils in our district with a considerable constituency looking to us for high school advantages. The present school year has been an adjusting process between the old and the new. Many places it has fallen short. THE IDEAL here is to make this a school second to none, to build an institution to meet the advance and progress of our community. The present senior class stands on the threshold. The school bids you God-speed as you leave her sheltering walls to meet life's real problems. May success follow you whithersoever you may go. To those who remain, a challenge awaits you. Will you respond and build on the foundation that has been laid?

Bright Student—What caused the trouble in the Garden of Eden?
Dumb Bell—The apple, I suppose.
Bright Student—You are wrong, it was a green pair.

Miss Rusmisel—"Where is Mr. Mosser, Sam?"
Sam—"Oh, he's in the office talking to another woman."

A LITTLE DRAMA IN AMERICAN HISTORY

Miss Shields—"John! Let me see that paper money."

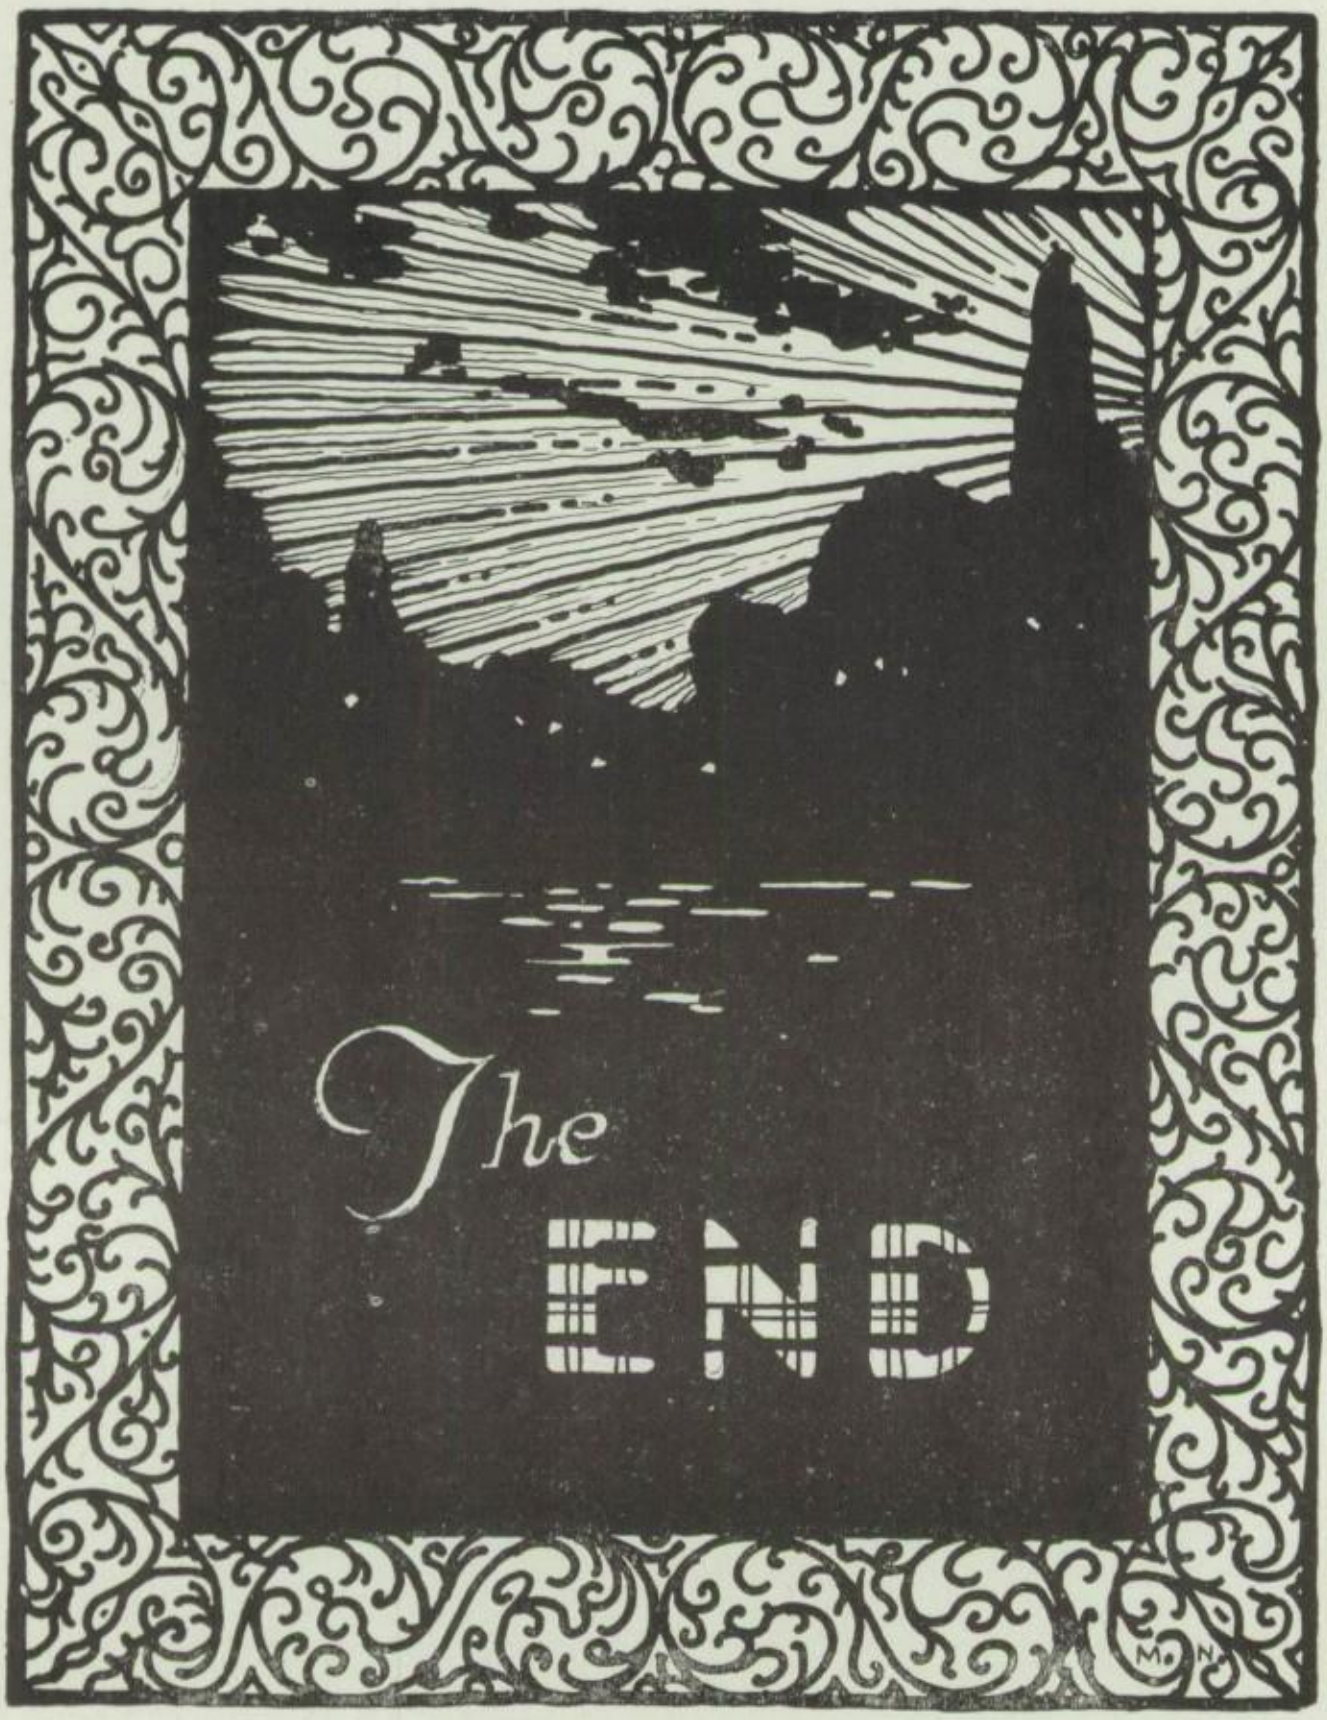
After John had passed the money up to her desk Miss Shields said: "Some folks certainly are lazy."

After inspecting the money Miss Shields passed it back to John.

Charley K.—"Um! I didn't notice that Miss Shields stirred."

STUDENT'S PRAYER

Mr. Warner is my teacher, I cannot sleep,
He maketh me to study hard,
He leadeth me in the path of knowledge for my grades sake.
Yea, tho I study my head off
I cannot shine, for he is my teacher;
His Geometry and Physics confront me always;
He prepareth a test before me in the presence of my troubled brain,
He filleth my head with facts,
My mind runneth over—
Surely brain fever and despair shall follow me all the days of my life;
And I shall dwell in the Insane Asylum forever.



The
END
